

Titus Pick up Pipe Tool (P.U.P)

The Titus Tools Pick up Pipe Tool is used to pick up tubing off the ground or pipe rack. Simply insert the P.U.P. tool into the collared end of a joint of tubing and pick up with the service rig winch line.

Features & Design

- Can pick up 2 7/8" or 3 1/2" tubing.
- Lift up to a maximum of 425lbs.
- Lightweight and easy to use.
- Safest and quickest way to pick up tubing.
- Inspected and certified by an engineer.
- Use winch line to hook to 1" clevis (supplied)
